## MS. ROSE SERRA

The Principal's job can be demanding as well as lonely. The buck literally stops here! It takes an authority figure, who is capable of displaying patience and fairness, mixed with perseverance, to endure at the helm of a school as large as Barringer. Our Principal Ms. Rose Serra, has devoted many years of her life to the education of our children. She began her career at Barringer as a math teacher. Then she moved up to department chairperson, vice principal and finally Principal, While being involved daily in decision making with faculty members, guidance personnel, and outside groups, Ms. Serra has always been approachable by the student body. Whether she was standing at the front door in the morning greeting the students, or talking on the public address system, Ms. Serra made her presence known with a cheerful "Good Morning"!

# VICE PRINCIPALS

Edward Gadson

Joseph Ianuzzi

Luis M. Lopez

As the school year unfolds, a proportional rise occurs in the complexity and variety of administrative responsibilities. Shouldering the additional burdens, and assuming an ever increasing role in school administration, are the vice principals. Each one supervises a certain phase of the work, thus dividing the tremendous task and assuring more efficient administration in all areas. The V.P.'s are an essential aid to the principal, assisting her with her many duties as well as fulfilling their own jobs in the most efficient way possible.

# Clerks

Rita Baldaccini

Carol Furnari

Janis Gary

Nilsa Hernandez

Vinnie Inga

Sandy Reyes

The secretaries in the main office and the guidance office have jobs that only highly skilled organizers can handle. Without them Barringer could not function. Their jobs include doing all the correspondence, school records, clerical duties and of course answering the numerous phone calls that the school receives daily.

To assist each student to understand himself and plan for his future are the goals of the Guidance department. Besides scheduling of courses for graduation requirements, counselors see students for help with personal, social, educational, and vocational matters. Scholarship competitions, summer programs such as Upward Bound, E.O.F. programs, and college acceptance in Pre-Med or Pre-Dental Financial Assistance Programs are all areas the Guidance department exposes our students to. In order to be technologically literate in today's world, the high school graduate must have a basic understanding of science. Barringer is the only senior high school in Newark in which the Science department includes Electricity and Electronics among its courses. The Science department also offers Barringer students a wide selection of both college and non-college bound courses. The honors integrated science program offers a two year unified study of Chemistry and Physics with unique team teaching approach. Tutorial assistance is provided to all Science students. Business education training has resulted in employment for many thousands of Barringer graduates. Students are trained for entry jobs such as secretaries, bookkeepers, typists, and clerks. Young people also learn to cope in society and in their own home by becoming familiar with real life situations: keeping a checkbook, buying insurance, keeping a budget, and filling out income tax returns. While the department prepares students to succeed and advance in business, the outstanding students are encouraged to go on to college and pursue professional careers in accounting, computer programming and teaching business education. What has man really achieved in his evolution through the centuries? This is one of the vital issues our social studies classes consider each day. Students learn to think, to interpret, and to apply knowledge to the solution of everyday human problems. The curriculum offers Law in Action, Psychology, Sociology, and Labor Studies to prepare students to be aware as citizens and to be more active.

Physical fitness seems to be an increasing concern in America today. Our Physical Education department offers courses and activities that motivate Bar-ringer students to pursue a higher degree of fitness. Through sports such as volleyball, basketball, and track, the participants develop their skill and bodies. Aparatus techniques and exercise routines are utilized to maintain strength, improve coordination, and encourage social interaction. The department also offers a variety of health education courses to prepare the student for a stable, rewarding, family and community life. Chairman-Frank Verducci

The study of modern foreign language is vital to communication in a shrinking world. An asset in many ways: business, industry, commerce, civil service, education, law, media, science and many more jobs. At Barringer the Foreign Language department aids the student in the progressive ability to speak, read, express, and ultimately to comprehend and enjoy a second language. The geographical, political, and cultural aspects of the foreign nation are studied as well as its contributions to western civilization. Chairman: Dr. John Gianini

Special Education is generally accepted to mean education designed for, and available to, exceptional individuals (handicapped and gifted) whose educational needs are different in part from those of the most of their peers. Children and youth in need of special education are not limited to specific categories. Rather, they include curricular or instructional adjustment throughout their school career or some significant portion of it. Barringer's special education is built on the concept of understanding unusual differences among the school-age population and meeting individual needs.

Proficiency in the effective use of written and spoken language and the meaningful interpretation of literature are the basic objectives of the English department. Therefore, in the regular course of study, the mandatory offerings emphasize the functional use of language and communication skills, writing, and various forms of literature. At the end of the senior year distinguished graduates receive prizes in English, and English as a second language. Chairperson: Clara Roth

# Mathematics

Is it inches or meters? How do you use a computer? Is there a new math? In answering some of these questions the Mathematics department stimulates the students to develop a working knowledge of basic math skills in preparation for employment or daily life. Courses for the exceptional individual are also offered in the math curriculum. In this age of rapidly advancing technology and use of computers, the knowledge of mathematics becomes increasingly significant. Chairman: Vincent Guarino

# Home Economics

To become successful employees, homemakers, and parents, and to learn techniques in consumer awareness, Barringer students can elect a course in Home Economics. The Cooperative Work Study program prepares students to be successful employees through job training and actual part-time employment. The Food and the Clothing classes develop the student's homemaking skills while Consumer Education teaches purchasing skills. A course titled Early Childhood, where students actually work with young children in a room decorated and furnished like a nursery school, is also offered.

Music plays an important part in a student's life. The Music department offers courses such as Music Foundations and General Music, to those who seek a general knowledge of music. Specialized courses and activities such as Orchestra, Band, Chorus, and instrumental lessons, are offered to those who desire a deeper understanding of the music world.

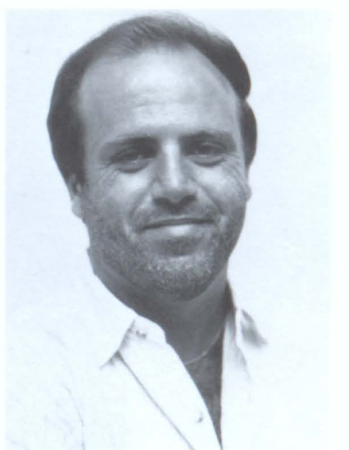

# Industrial Arts

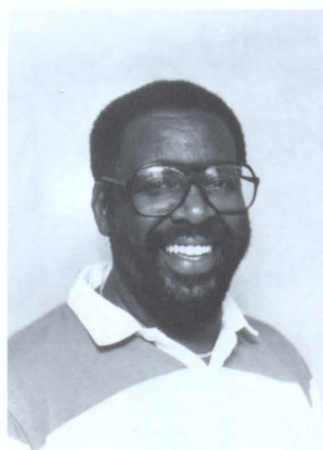

The opportunity to explore career aptitudes, the development of occupational skills and a general orientation to an industrial environment are offered in the Industrial Art curriculum. The I.A. department, one of the best equipped in the state, offers Graphic Arts, which trains students in the various techniques of etching, type setting and designing, Metal Shop and Wood Shop, established to develop working skills in a variety of techniques and materials, and courses in Photography, Mechanical Drawing and Architectural Design. The creative approach is the direction the Art department follows in relating the subject of Art to the realities of life. Art Foundation, Art Survey, General Art, Commercial Art and Studio Art comprise the courses which are designed to encourage awareness of aesthetic values; to explore various art media and materials; and to develop the creative potential of each individual. Many senior Art students graduate from Art schools to become commercial artists, professional photographers or Art instructors.

A multi-media center, a study hall, a meeting place, and an instructional area. The Barringer library has become all of these. Through a systematic selection of books, pamphlets, records, and magazines, the librarians have accumulated collections of materials most beneficial to students interested in study programs.

## Alma Mater

Over many a city old,  
famed in song and story.  
Temple grey and castle hold,  
catch the sunset glory.  
So our Alma Mater proud  
looks o'er vale and meadow  
High between the sailing  
cloud  
and its drifting shadows.  
For her colors, first the blue  
of the April valley  
Then December's wintry  
Hue,  
when the storm winds rally.  
Barringer, they fame we  
raise,  
many voice blending;  
Through the years we  
pledge  
thee praise loyal to life's  
ending.

# Student Council

Since 1942 the Student Council has been the voice of the student body. Through this organization students can make suggestions and express their opinions. Some activities of the Student Council are: inviting guest speakers to the school, sending representatives to organizational meetings and serving as hosts for school functions. Mr. Giacobbe, an alumnus of Barringer, has guided the Student Council for 9 years.

# Acropolis Literary Magazine

Hasaana Brooks, LaShunda Irving, D. Smith, Valietta Hooks, Delkeyta Foster

The Literary Magazine gives the students an outlet for their creative writing. This publication, which contains poems and stories written by our budding authors, is distributed to students, faculty and staff. The Acropolis Literary Magazine, the oldest student magazine in Newark, dates back to 1921.

Advisor: Ms. Deborah Smith

Hasaana Brooks and LaShunda Irving check Literary submissions for the magazine.

Delkeyta Foster and Hasaana Brooks enjoy a laugh with Ms. Smith.

# Chorus

The Barringer Chorus, under the guidance of Mrs. Bea Herring, is a very talented group of students who perform in different areas of the city. The Chorus consists of 23 beautiful voices who put in many hours of work to achieve nothing but the best. Performing with this group is an earned privilege, not a right inherent in having chorus. This organization's known and respected city wide for its consistency in delivering high quality performances. Over the years, the Chorus has performed at the Symphony Hall, Newark Airport, Newark Museum, Jersey City, Newark Rutgers, Barringer Prep, and Broadway Junior High School. Advisor: Bea Herring.

# National Honor Society

In February of 1989, the Barringer National Honor Society inducted more than a half dozen members. These inductees met high standards of scholarship, character, service and leadership. During the remainder of the year, the society offered service to the school, and worked fund raising activities. These students were distinguished at graduation by wearing gold tassles. Close-Up consists of a group of determined and dedicated students who research the functions of our government and study the ways it operates. Each year, a selected number of members from the club visit Washington, D.C. and Trenton, N.J. At these visits the Close-Up students examine the federal and state governments. Advisor: Mr. Berggren.

## French

To encourage understanding and good will in students for one another and for other nations of the world, is one of the goals of the French Club. Talks from foreign students, short trips, fund raising parties, and correspondence with students from other countries are some of the activities the group takes part in. # Aspira

The goal of the Aspira Club is to improve the social and economical situation of Hispanics in the United States. Aspira Organization provides Hispanic students with information on various careers, colleges, S.A.T. Review Courses, Financial Aid, etc. Aspira gives information on Grants, Fellowship and Scholarships. Aspira has a tutorial Program in Math and Science for students who need tutoring in those subjects. There is also a summer program in which the students are placed to work in companies such as IBM, N.J. Transit, etc. Aspira also has computers in which students practice to improve and enhance their Math, English and Science skills. Advisor: Carmelo Figueroa.

# Student Improvement Team

Too often students who do well in the following categories academics, leadership, sports and citizenship are not adequately recognized. This program advised by two of Barringers Vice Principals Mr. Lopez and Mr. Ianuzzi was formed to highlight students who have achieved success in those areas. Hopefully by the end of the school year the entire student body can contract this positive disease.

# Acropolis News

BARRINGER HIGH SCHOOL, NEWARK, N. J.

## Newspaper Staff

The High School Journal, hand written by students, in the middle of the 19th century, was the first record of our school and its surrounding community. In 1899, the publications name was changed to the Acropolis News. Today, this newspaper is still important as an historic tool, especially with the current retrospective on the 150th anniversary of Barringer. The Acropolis News continues in this tradition of being the voice of our student body. Advisor: Mr. Sal Di Gerlando.

# Black History Month Celebration

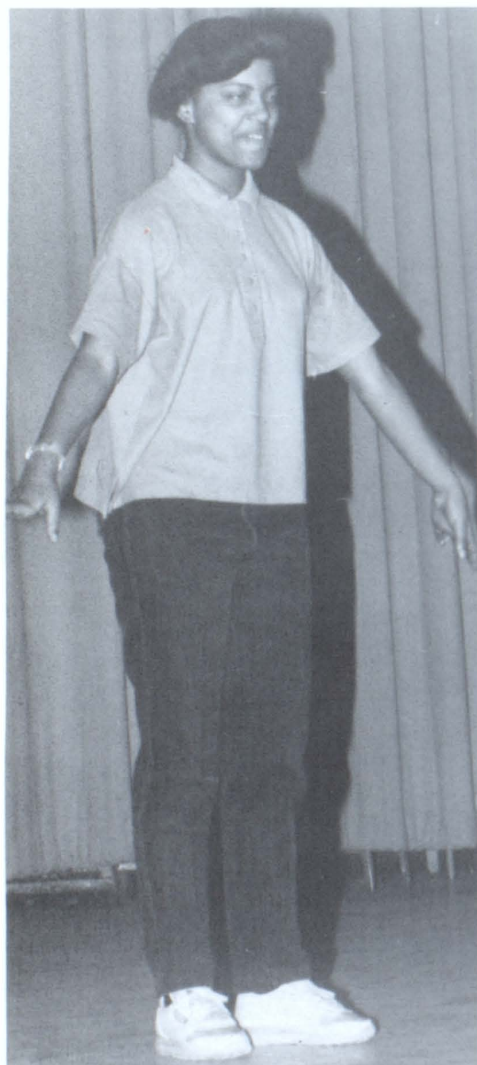

On February 28th 1989, the poets, rappers, and photographers were assembled for the largest student gathering of the school year. This salute to Black History Month was arranged and sponsored by the drama club. The participants in this event were: Teachers — Mrs. Toni Baskerville, director and moderator, Mr. Wayne Slappy, Ms. Debra Smith, Mr. Jerry Green, Mrs. Janice Durr. Students — Lafaye Bowman, Reggie Green, David Hobday, Chis Martin, William Toler, Kevin Scott, Sonia Edwards, Shawn Prescod, Kyle Harris, Twaine Kirkland, Michele Vernon, Wheaton Wilson, Sean Bell, Stanley Duvivied, De'lontay Leeks and Simean Hibbert. Mr. Slappy and Payton Warren were the sound operators, while Louis Feliciano and Juliet Angela Edmunds directed the spotlight. When the show was over, the audience left with a better understanding of what Black History Month was all about.

# Color Guard

The Color Guard add color to the Marching Band. It takes skill, enthusiasm, cooperation and most of all many hours of practicing routines. Working closely as a team each member received a sense of personal as well as cooperative satisfaction. All the hard working young ladies in this group were chosen by try-outs. The squad helps to create color and movement in the marching routines of the Marching Band. Advisor: Mrs. Carol Lester.

# Marching Band

The main promoters of spirit during this 1988-89 year have been, as always the Marching Band. The basic goal of the band is to build an enthusiasm for music along with musical taste so that perform standards worthy of each participant's abilities can be achieved. The band performs at football games, parades, and concerts throughout the school year. Members of the band who have developed a high level of musical skill are selected to perform special ensembles such as: Blue Jackets, Brass Ensemble, Percussion Ensemble and Woodwind Ensemble. Advisor: Nelson White, Richard Berggren.

As the season progressed, Bar-ringers football team experienced a very difficult but promising season. With a record of 1 and 8 our Blue Bears spirit was still alive and well. This was demonstrated by the Big Blue's upset win over Central High School, who later became City Champs. Next year, our football team is going to field a more experienced team. Head Coach Frank Antonacci is expecting a good year, with a new league.

The Barringer Basketball team of 1988-89 should not be remembered as a team of unsuccessful accomplishments, instead this team should be noted for their valiant effort toward a winning season. The toughest opponents were Essex Catholic and Malcolm X Shabazz in the Essex County Tournament. Barringer made it to the semi-final by defeating Essex Catholic and lost to Shabazz. In the State Tournament the Blue Bears defeated West Orange in the first round, and lost to a powerful Elizabeth team in the second round. Even though our team came up with the short end of the stick, their loyal fans gave them love and support and in return the team gave back that same feeling over and over again. Our team showed good sportsmanship and dedication to the game. We will remember them all.

# Basketball Pep Rally

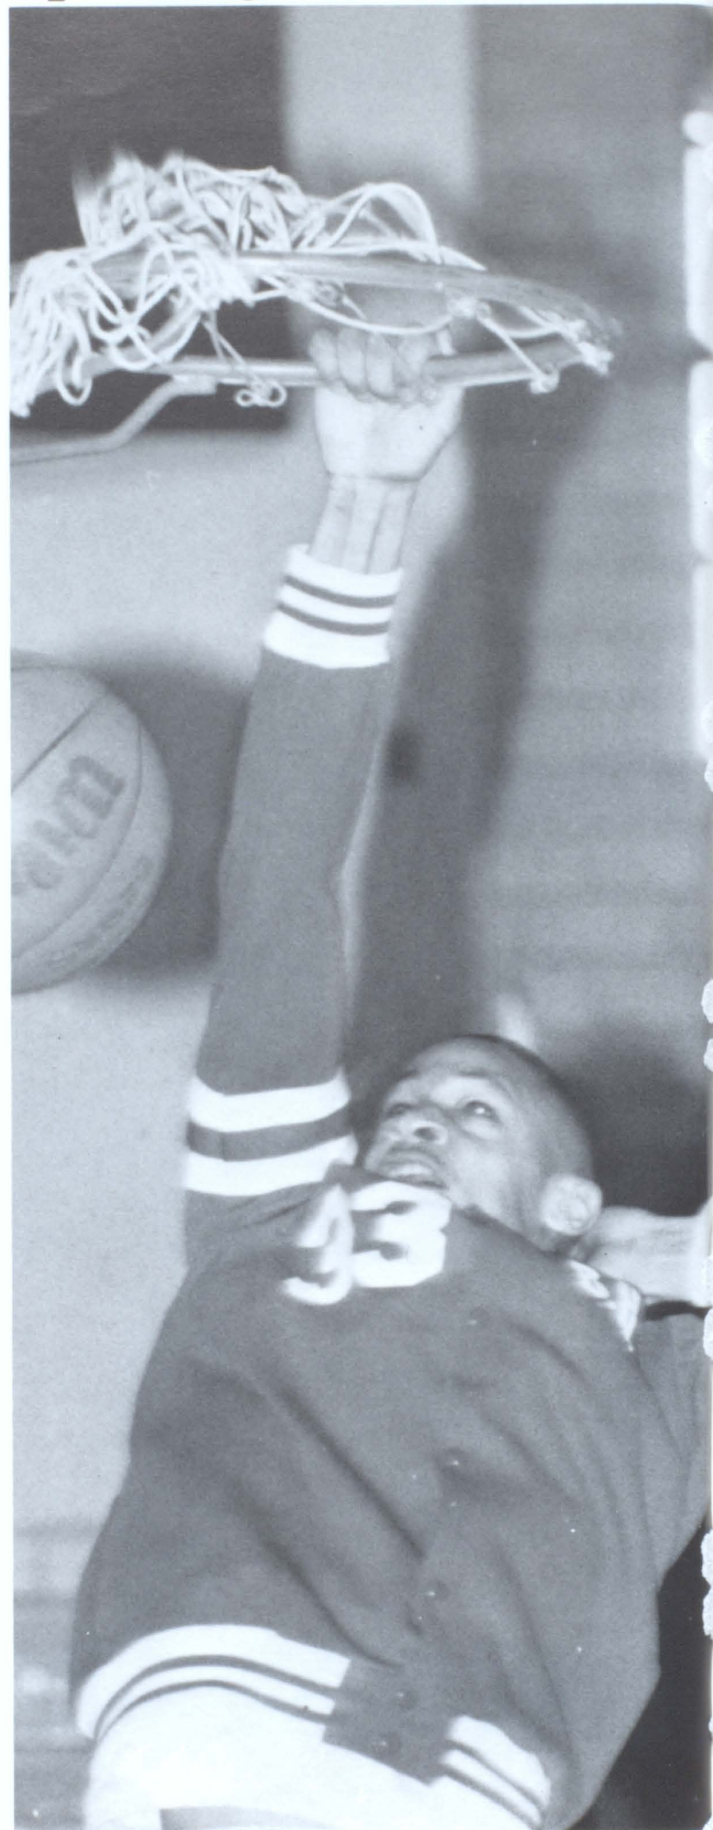

The drums were rolling, and the color-guard were showing their colors as the students entered the gymnasium on January 1989. For the first time, Barringer showed recognition to our out-standing basketball team by giving them a Pep-Rally. Master of Ceremonies, Mr. Frank Antonnoicci introduced our 1988-89 team and they demonstrated their ability by shooting baskets. In addition, 7 of our students were given recognition by receiving a Barringer sweat shirt for out-standing achievement in a variety of school categories. The basketball team then showed their appreciation by defeating Central High School.

# Junior Varsity Basketball

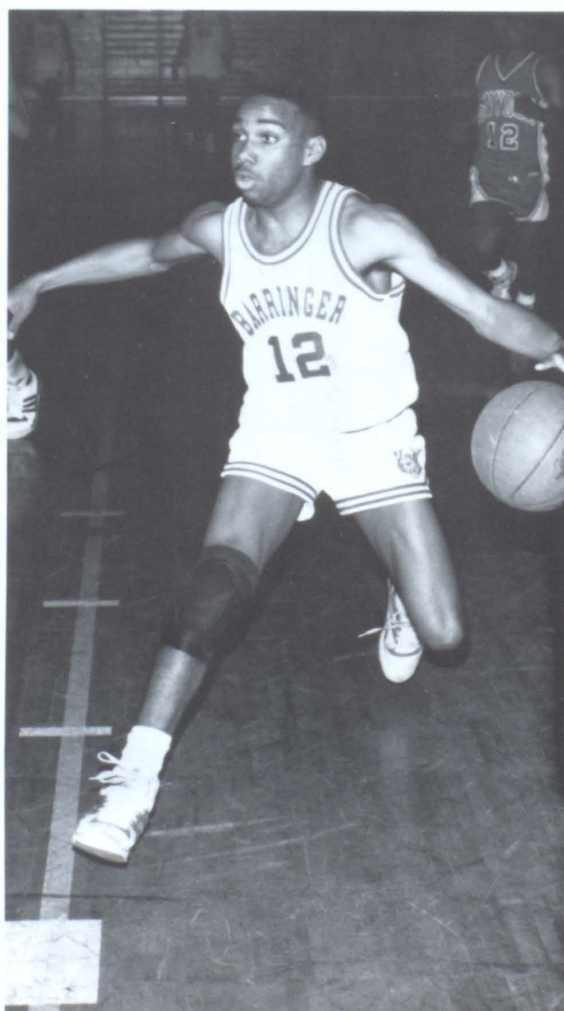

Barringers J. V. Basketball players have always proven their skills not only to Barringer, but to their opponents as well. Under the supervision of head coach Dexter Davis. The J. V. basketball team has been able to once again become city champs and qualify for the Essex County Tournament. Although Coach Dexter Davis has coached a winning season with his young athletes, he still hopes to have an even better season next year. Barringer wishes coach Davis and his team the best of luck for many years to come.

Soccer is a skillfull sport which takes more than just your head to play. With the experience and skillfull mind of coach Hamilton, Barringers soccer team not only demonstrated persistence, but also the will to win. Both on and off the field. Despite the lack of experience the team showed spirit and tenacity. However, next year with a new league, our soccer team will surely give 110% every game, but make our school proud of them as well.(good luck)

Bowling is not just a sport in which you roll a ball down a lane. It requires concentration and the ability to aim correctly. In its first year, bowling brought a new form of pride to Barringer. With seniors Keith Hancock, and Jonathan Adams who's averages were 145 and 175 respectively per game, Barringer bowled their way into a winning season becoming #1 in the city of Newark. Next year our bowling team will have a much more mature and experienced team.

# Sesquicentennial Celebration

The champagne flowed, and the 17 piece band echoed melodies from the forties and fifties, as alumni and guests celebrated the 150th anniversary of Barringer High School. The large turnout in the ballroom of the Aspen Manor in Parsippany, on November 25th, 1988, was proof that the spirit of the Big Blue has touched the hearts and minds of alumni and staff. As each of the 1378 alumni and guests entered the Aspen and greeted friends and classmates, they shared recollections of the quality of instruction and the high degree of school spirit at Barringer. During a brief program, remarks and historical highlights were heard by past principals Mr. Pat Restaino (1969-79), Mrs. Marie Bagby (1979-86), our current principal Ms. Rose Serra, and school historian Mr. Sal DiGerlando. The program also included the Lynn Oliver Orquestra and the Four Aces who played and sang old favorites of the past.

When we leave Barringer, There will be many changes in our lives.  
What we dont know may frighten us.  
What we do know can only make us wiser.  
Your goals and achievements will be everyones example of how far we  
can go. Interest in life will always be a stepping stone to learning about  
yourself,  
To know your limits of expectation, and to acknowledge your achieve-  
ments, is what success will bring.  
You are the future  
You make the difference.
